Ship Your Grain Through Us

Our facilities for handling are
O. K. We buy on track and
that means the highest price.
More money in your pockets.

See me before you sell or buy.

G. B. Shields. Agent for the
IMPERIAL OIL CO. Ltd

:: Of Local and Personal Interest ::

In connection with the Local
Bureau for the caring of our returning
soldiers, it is necessary to have the
names and regimental numbers of
the men who have gone from this
district. You can make this work
easy. If you have relatives or friends
who have enlisted, kindly send this
information to R. H. Thornton,
Alderson, who has this work in hand.

At Calgary, Jan. 10th, before
Mr. Justice Walsh, the action of
Fred Rowatt to have set aside the
deed lately attained by the Credit
Men's Trust Association, was moved.
Mr. Justice Walsh ruled that the
title be returned Fred Rowatt free
of all encumbrances.

Mr. McDonald a former teacher
at Tide Lake was a visitor in town
last week. Mr. McDonald has been
residing at Edmonton for some time
but is taking a trip to his old home
at Prince Edward Island. He left
for the east on Saturday evening.

Aron Gish went to the Hat on
Sunday night. Mr. Gish had to in-
terview the Dentist as he had been
suffering acutely from toothache.

W. N. Wagar says the coyote
hunting is good. A few days ago
a pack of three crossed his trail and
he got two in short order.

J. A. Butler of Jenner, was in
town on Friday. He purchased a
big team from F. McDiarmid.

The News Telegram of Saturday
last carried a picture of our old
friend Everett Sparks of Jenner, in
connection with its preliminary write
up of the U. P. A. Convention.

Curtains have been placed in the
Methodist Church so that the build-
ing can be divided off into class-
rooms for the Sunday School.

Don't fail to read the prices ad-
vertised in this issue by the Farmer's
Co-operative Elevator Co. The ad.
is on the back page.

Mr. and Mrs. Jno. Dahl were
visitors to Calgary this week.

Mrs. E. K. Johnson of the Hotel
Alderson is on an extended trip to
her former home in New York.

Three Alderson Men Enlist

When Frank Flannery, Gordon
Rosenberg and Geo. Shields took
the train for the east one evening
last week, there was a rumor around
the depot that these well known and
popular young men were going to
Regina, to enlist for active service.
By letters received to relatives in
town, the rumor was well founded.
All three enlisted at Regina, with
the Canadian Army Corps. The
boys are to be congratulated. Mr.
Flannery's remarkable height of
over six feet seven, must compare
favorably with any other recruit in
the ranks. You have to look up to
Frank. And then some.

Gordon Rosenberg should, also
make a good fighting man. He
comes from fighting stock, as it is
pretty generally known that Mr.
Rosenberg, sr. is a veteran of the
Civil War.

George Shields, was popular in a
wide circle of friends and has given
up a good position with the Strong
and Dowler Grain Co to don khaki.
It is a noteworthy fact that all three
young men were born in the States.

Among those who visited the Hat
Land Office last week to prove up
homesteads or pre-emptions were
Messrs. John Dixon, John Goehring,
Art Goehring, Thomas Swandly and
Hans Hanson.

Hot drinks at the Palace all the time

Additional locals on back page.

W. D. MacKAY, Proprietor.

Card of thanks, 50 cents. Local ads where admission is charged, at half price, among reading matter, 10c per line first insertion, 5c per line each following insertion. Where the object is not to make money, the notice will be published free. Legal Notices, 12c per line first insertion. 8c per line each subsequent insertion. Announcements of entertainments, etc., conducted by churches, societies, etc., Display advertising rates on application.

SUBSCRIPTION: \$1.50 per year

THURSDAY, JANUARY, 20th 1916

The News has been requested by those in charge of the Local Patriotic Fund to ask all who have promised grain or cash to turn the proceeds in at once. The treasurer, Mr. Drummond is anxious to bring the books up to date and have them audited.

Alderson and district is to be congratulated on the success of the Fund. The Treasurer over a week ago was able to send away a cheque to the Fund at Medicine Hat for \$600. It is quite probable that in the next few weeks a further cheque for an equal amount will be sent away. The Belgian Relief Fund is also receiving a fair share of support. Bring in your contribution at once.

At the time of writing it looks as if an election on Monday would take place for the vacancy on the Council. An election where good friendly rivalry works in always does a town more good than an acclamation election. Choose your Candidate and try to elect him.

Our Coal makes warm friends.

Burn Galt Coal. The Coal that burns all night. We are the sole agents and always have a supply on hand.

Blue Grass Shoots.

The dance at the Schoolhouse on Friday night was enjoyed by a big crowd. Joe Laid was Manager of the affair. The musicians were Mr. and Mrs. J. J. Lenna. Dancing continued until 5:30 A. M.

O E Nerland had thrilling experience the other day when travelling in the jumper. It seems that in some way or other the top part of the modern vehicle fell off backwards and Ole and his friend C. Olstad were left on the road a considerable length behind the running gear. But the saddest part of the affair was that there was a few inches in the rim and a couple of inches in the hub of the wheel.

Mr. and Mrs. W. S. Benjamin and children are back from a trip to St. Paul and Rochester, Minn. He says Alberta looks better than ever.

The U. F. A. Meeting at the Schoolhouse on Saturday afternoon was well attended. Officers elected were as follows:—President J. J. Lenna, Vice President—Frank Lenna, Secretary—Treas—C. A. Thomas, Assist Secretary—Carl Sebo.

Six Directors were also elected. Six delegates to the big Calgary Convention. The delegates are J. Lenna, C. O. Colwell, Joe Laid and Allen Bree. All are in Calgary at the Convention this week. Bluegrass Union is very much alive and the meetings this year will all be interesting.

Con Monahan is back from his trip to Montana. Good old Alberta eh! Con.

Geo F Ford took a load of wheat to town on Monday and got \$1.01 at Stuart's Elevator.

O E Nerland was in Alderson the first of the week with a load of wheat.

Peerless

An Annual meeting of Peerless School District Ratepayers was held as scheduled on the 8th. inst. J. L. Brown was elected trustee to take the place of the retiring member of the Board, Victor Jansson.

H. E. Mills recently purchased a young imported Percheron stallion.

A Patriotic Fund Concert will be held in the High Valley Schoolhouse, evening of January 28th.

H. E. Mills has gone to Vancouver for a couple of months.

LOOK !!

In the rush of business do not overlook the absolute necessity of music. Its influence is beneficial to everyone. This is the Musical Season. Are you prepared for it?

If it is a Piano, Organ, Edison or Victor phonograph or records. We can supply you Everything in Music.

MEDICINE HAT ALTA.

Annual meeting of Peerless Union U. F. A. was held in the schoolhouse on Saturday last. The following were elected officers for 1916: President—J. L. Brown. Vice-Pres.—C. U. Nunnemaker. Sec.—Treas.—F. J. Muskett.

On entertainment committee, A. J. Robertson, Geo. Tribe, C. V. Nunnemaker, Wm. Maxwell and Claude Young were appointed to make arrangements for some lively meetings the next few months. F. J. Muskett and J. S. Brown were selected as delegates to attend the Annual Convention. Owing to lack of time, several matters such as the securing of a rural telephone line, the practicability of portable elevators, etc. were held over for discussion until the next regular meeting. Wednesday afternoon, January 19th. The delegates reports will be presented at this meeting also.

Mr. Frank Smith of Oids, son-in-law of T. R. Tribe, has been visiting at the latter's home.

The Free Circulating Library provided by the extension department University of Alberta, and secured for local residents by the U. F. A. Union, is now at Victor Jansson's. Any resident of the district may enjoy the privilege of reading good books this winter.

Mr. and Mrs. C. G. Mills entertained a number of their friends and neighbours on New Years.

New Year's guests at Victor Jansson's were, Mr. and Mrs. Ralph Javy, Mrs. Jack Williams and Geo. Linde.

"Let George do it!"

Phone up No. 6 for the O. K. Dray Line.

GEORGE RUSSELL, Proprietor.

Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY BECAUSE

Irrigation makes the farmer independent of rain and insures good crops, not occasionally, but every year. Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record

GIVES SOUND ADVICE ON PRICE QUESTION

Manufacturers' Organ Gives Warning
—No Price Increases Except
For Good Reason

"Industrial Canada," the official organ of the Canadian Manufacturers' Association, recently contained a strong editorial on the increase of manufacturers' prices, which has come in certain industries as a result of the war revenue customs duties.

The editorial is in part as follows: If the manufacturers of Canada make a general advance in the prices of their goods with the deliberate intention to absorb the whole of the recent 7½ per cent. tariff increase, they will formulate a policy which will react disastrously upon themselves.

Such a course is certain to arouse hostility among those consumers who were of the opinion that the tariff was too high before the increase was made; and it will chill the warmth with which the remaining consumers have supported the policy of protection.

Raising prices up to the new limit will operate directly against the "Made-in-Canada" campaign. The 7½ per cent. tariff increase gives the Canadian manufacturer an advantage over foreign competition. If he raises the price of his article 7½ per cent. he immediately loses that advantage. Consequently, the "Made-in-Canada" article which might be sold, is in the same danger of being replaced by the foreign article as it was in before the tariff increase was made.

Creates Confidence

Now is the time, under the shelter of slightly increased protection, to encourage the habit of using Canadian goods in preference to foreign goods.

Raising prices also tends to diminish output. The buying power of Canadians at present is restricted and every addition to the selling prices of goods makes it more difficult for consumers to buy them. On the contrary, lower prices will allow a greater volume of sales, will diminish the consumer's hardship, will give more employment to workers and will tighten the grip of Canadian manufacturers upon their home market.

If the manufacturers will concentrate upon the problem of keeping the prices as nearly as possible at the old level they will create a permanent asset in the gratitude of hard-pressed consumers.

Consumers, however, must not hastily conclude that there will be no increase in the prices of manufactured goods. While any general advance, arising at the unjustifiable absorption of the 7½ per cent. tariff increase cannot be too strongly opposed, it is absurd to argue that no prices should be advanced. Each article must be separated from any enveloping general policy and dealt with on its own merits. What are the items entering into the cost of production? Have they been increased? If they have, it is only fair that the price of the article should be increased. If they are not then the price of the article should stand.

Influence of War

There is, in some quarters, a most unfair attempt being made to lay on the recent tariff measures the entire blame for increased prices in spite of the fact that in countries where no tariff increases have been made, prices are rising. According to the "New York Annalist," the average wholesale price of twenty-five food commodities, representing a theoretical family's food budget, which was 139 in 1913, 146 in 1914, now fluctuates around 151.

Scarcity, interruption to communications, shrinkage in production, and other allies of war are sending prices up all over the world. War always increases the cost of living. It would be strange if Canada should escape the general law. We cannot have it both ways. We cannot profit by war's high prices for what we have to sell and avoid war's high prices for what we have to buy.

A man out of a job, or only partially employed, is a poor customer. You much prefer, don't you, to deal with customers whom you know are earning good wages in thriving local industries? Their credit is good—they pay their bills.

IF YOU ARE A TRADESMAN

Demand of your jobber that he give you "Made-in-Canada" products. Advertise and push merchandise made in Canada. Use "Made-in-Canada" window cards.
